www.missileslofocober.com

September of 1991, four seasoned musicians joined together to create a band and a sound that is best described as "Soulfolk". The music draws from a wide range of diverse musical indulgences, which include R&B, pop folk, blues and jazz.

All the members of the  have toured and been involved in extensive session work with a litany of respected artists and have been and continue to move audiences of all ages to create their own musical vision.

The defining essence of this band rests with their spectacular high-energy live shows and the respect for the craft of song writing. Their original material is a reflection of their influences from Bob Dylan and Van Morrison to Marvin Gaye and Ray Charles.

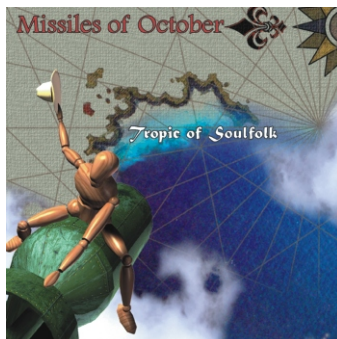

The  song writing skills intact, it's the extraordinary improvisational style consistently pushing the music flawlessly and it brings their very loyal fans and audience to new levels throughout their 10 plus years that has given  their immense respect as one of Orange Counties premier bands.
